

# CRYSTAL CLEAR ONE PRO

**Water treatment designed for all commercial ice makers up to 1300 lbs./ cubers.**

The CC1PRO incorporates carbon based multistage filtration to ensure ice is free from particulates and bad taste. Also includes scale elimination technology.

Systems IV is the only water filtration company to provide CITRYNE® to effectively and safely control hard water and provide CITRYNE® is a food grade, biodegradable formulation that eliminates scale buildup. With its FDA approved ingredients, CITRYNE® can be used on equipment without having to stop water flow. The

CITRYNE® formulation not only removes existing scale buildup, but will eliminate future potential scale buildup.

## Benefits

- Carbon based filtration
- Scale elimination
- Over 27 ft. of filtration
- Boosts ice maker production to full capacity
- Reduce ice maker service costs
- 30 second cartridge change out
- 5 micron filtration

## Specifications

Model number	CC1P
Replacement unit	CC1PR
Max. operating pressure	80 psi
Max. operating temp.	100°
Flow rate	5 gpm
Fittings	1/2" EC
Pressure life gauge	Included
Water hardness (gpg)	Up to 12 gpg
Mounting bracket	Aluminum
Shipping weight	9 lbs.
Dimensions	29.5" H X 5.5" W
